**A FEW MINOR MATTERS**  
**IN EXECUTIVE COUNCIL**

**SQUATTERS HOLDING LOTS AT**  
**OLAA—NO LIQUOR LICENSE**  
**FOR AKONA.**

**Wilfong Wants Two Offices—Fumigating Plant on Channel Wharf—Electric Company's Sewer—Hilo Band May Play at Sunday Races.**

The territorial executive council in session yesterday morning considered several matters of minor public importance.

Land Commissioner Brown read two letters from purchasers of Olaa lots in which they stated that the lots are now in possession of squatters and the purchasers would like restitution. No action was taken on the matter.

Treasurer Lansing spoke about the application of Akona of Waimea for a liquor license and asked if there was any possible way by which the license could be granted. The council held that it could not be allowed as the law prevents one individual from holding both a mercantile and a liquor license at the same time.

Mr. Lansing spoke of a letter from Tax Collector Wilfong of Hilo which asked if the government had any objection to him accepting the office of United States Deputy Marshal in addition to his present office. The letter was referred to the attorney general for an opinion.

Superintendent McCandless of the public works department read a letter from Dr. Carmichael, the federal quarantine officer, relative to the construction of a fumigating plant on the Channel wharf. There being no objection Mr. McCandless was authorized to consent to the request.

Mr. McCandless read a letter from the Hawaiian Electric Company asking the permission to lay a water pipe from the company's plant to the sewer on Alakea street to carry off the waste water. A map showing the route accompanied the letter. The council recommended the superintendent to allow this permit on the condition that the company put in a catch basin at the corner of Alakea and Halekauwila streets to carry standing water that may collect after rain storms.

J. Wilson of Hilo was present at the meeting with a request to allow the Hilo band to play at the Sunday races at that city. As a benefit to the public the meeting favored the idea provided the band adhere to the same rules that the Hawaiian band of Honolulu is required to follow.

**WHY THE STOCK WAS GIVEN.**

**Isabella McC. Jones Explains a Discrepancy in Estate Matter.**

Isabella McC. Jones, guardian of the person and estates of Edwin Austin Jones, Helen Jones, Margaret Jones, and Catherine Hay Jones, petitions the probate court for an order approving the item of seventy shares of the corporation of Peter C. Jones, Ltd., listed as a gift in her account as guardian and freeing her from the liability to be charged with \$6,250 less her dowager right therein, as recommended in the report of W. J. Robinson, master in chancery.

The petition at some length sets forth that the title to lands at Waikeha has always stood in the name of P. C. Jones with the exception of one tuleana, the property of E. Jones, deceased. Court proceedings to sell this property was therefore superfluous, she says, because the title was not in the father at the time of his death. The proceedings, she says, were a mistake and misunderstanding on the part of petitioner and of P. C. Jones. The land had been sold by P. C. Jones to L. L. McCandless and the petitioner goes on to say that it was the intention of P. C. Jones to set aside an equivalent to a half interest in the land so he gave the seventy shares of stock at a par value of \$100 each and such have appeared in the inventory as a gift.

**Fell From the Porch.**

A Japanese woman living in the second story of a house on King, near Liliha, lost her balance, while emptying a bucket of slop Sunday night, and fell over the railing to the ground. She was badly bruised about the head. Captain Parker, who was passing offered to take charge of her but his aid was declined and the injured woman was taken to a Japanese physician near by.

**Much Ado About Nothing.**

Richard Condon and Sidney Jackson are bombarding each other with warrants. Jackson swore out a warrant yesterday charging Condon, who belongs to the merchants' patrol, with assault and battery. Condon had Jackson arrested on the charge of being an escaped prisoner. Their cases will be thrashed out this morning before Judge Wilcox.

The trouble arose Saturday night Condon claims Jackson was causing a disturbance on the street, that he placed him under arrest and that Jackson escaped his custody. On the other hand, Jackson says he was peacefully going home with his best girl and that Condon flashed a revolver and commanded him to halt. Instead of halting he ran for cover and made his escape.

**Corporations Amalgamate.**

At a meeting of the People's Ice Company held yesterday it was decided to amalgamate with the Hawaiian Electric Co. The Hawaiian Electric Co. will pay \$75,000 in paid up stock for the ice company's interests and to do this it will be necessary to increase the capital stock of the Electric Co. This will be done at a meeting held for the purpose tomorrow.

**SAILORS USE THEIR FISTS.**

**General Fight on the Street at Midnight—Two Men in Jail.**  
Something less than a dozen sailors about 12 o'clock at the corner of King and Bethel streets. Two of the belligerents, S. Peterson and John Williams, are in the city prison and F. Rasmussen and W. Boyd were allowed to go for lack of evidence of more than a defensive part in the affray. No other arrests were made.

Nobody seemed to know just how the fight started, but the men had been drinking and some were in ugly moods. Peterson and Williams were seen in the throes of a conflict and Officer Trust took them to the station. It was claimed that Rasmussen struck Boyd but both denied it claiming that they are friends and that they were shipmates on the C. D. Bryant. However blood was streaming down Boyd's face and he claims to not know who inflicted the wound as the mix-up was general.

All probate matters were continued for one week in the circuit court yesterday by Judge Humphreys.
